Vista Modular Storage Systems

Vista is a purpose built modular cabinet system, which will allow you to design efficient procedure rooms, which exactly suit each specific area and its operators. Even the most specialized floor plan can be accommodated owing to the vast array of modular components available in the range. Installations, additional alterations of layouts are fast and efficient with minimum disruption to the workplace. Careful attention to detail in all aspects of finish and installation will result in an impressive work environment every time.

Spektrum Cube

Spektrum Cube is technology in storage. An elegant timber range with this example finished in Jarrah timber veneer. The unit is double sided to allow access to an adjacent secretarial area. A large range of finishes is available to suit any décor.
