Task tables are a collection of tables manufactured to provide a mix and match style for a variety of work environments. The Task table range is designed for you to be able to simply choose from a palette of top shapes, finishes, edge details, and a selection of bases to create the perfect solution for any application specifically suited to your own requirements.

# spektrum

TASK

**Spektrum Task** provides a contemporary, innovative solution for varying situations in the changing office environment. Mobile storage units can be designed to suit the operator's needs.

- Tambour doors
- Unique table bases allowing mobility
- Economic screening in vibrant colours
